

# Fully Devoted: A Life of a Mature Disciple

## *What Is a Mature Disciple?*

At Prince Street Church, our mission is to **praise God, serve others, and cultivate disciples**.

A **mature disciple** here at Prince Street Church is someone who **praises God with their whole self, serves others by giving sacrificially of their time, talent, and treasure, and cultivates disciples by compassionately reaching others for Jesus**.

## *How to Use This Tool During This Series*

Over the next six weeks, we invite you to use this guide as a **tool for reflection and intentional growth**, not as a checklist or a way to measure your spirituality against others.

This definition is organized around **three areas of discipleship**—praising God, serving others, and cultivating disciples. Under each of these areas are **spiritual marks** that describe what growth looks like in the life of a mature disciple.

For each spiritual mark, you'll find three things:

- a **definition**, meant to describe what this spiritual mark looks like in the life of a growing disciple
- a **guiding question**, meant to help you reflect honestly on where you are right now
- a **growth step**, meant to help you take a practical next step in that area

Here's how we encourage you to use this tool each week:

- Read through each definition of a mature disciple.
- Focus especially on the **spiritual marks** connected to that week's message.
- Use the **guiding question** to reflect on your current posture and practices.
- Then look at the **growth step** and prayerfully consider one small, faithful action God may be inviting you to take.
- Return to these same marks over the six weeks to notice how God is shaping you over time.

You don't need to work on everything at once. Growth is gradual, and God often focuses on one area at a time. Some marks may feel familiar, while others may stretch you—and that's part of the journey.

Our hope is that, as we walk through this series together, this tool will help you grow as someone who **praises God with your whole self, serves others by giving sacrificially of your time, talent, and treasure, and cultivates disciples by compassionately reaching others for Jesus**.

### ***Walking Through This Series Together***

As we walk through this series, remember that **praising God, serving others, and cultivating disciples** are not separate parts of the Christian life—they are deeply connected. As God grows us in our love for Him, He forms us to love others more deeply. And as we love others, He invites us to help others take steps toward Jesus.

This guide is meant to walk with you throughout these weeks. Each Sunday, we encourage you to **focus especially on the spiritual marks that connect with that week's message**, using the guiding questions and growth steps to reflect and respond. You don't need to work on everything at once. Instead, allow God to highlight one or two areas where He is inviting you to grow.
